Working with others taking on a whole new level with Professionals participating in panels!

We alcoholics step up to be there for the sick and suffering that do not know there is a solution, from taking meetings to Treatment or Correctional Facilities to delivering Public Information to doctor's offices and radio stations, or meeting with the Professional Community and being willing to look into Accessibility issues.

All four areas of New York come together once a year to present how their committees are currently working with alcoholics – delivering unexpected new ideas and old favorites long forgotten!
